

# Ann Omasta

The world needs more HEAs.

## Cruising for Love

Okay, I admit it...I love escaping into a fun, cheesy reality television show. How could I not be inspired by that level of crazy?

## Which of your characters do you relate to and why?

Baggy is the crazy, outspoken, wild grandmother, who provides comic relief in The Escape Series books. She is loosely based on my unfiltered, lovable, wacky mom, who can always make me smile.

## Who are your favorite authors?

I love all romance reads, but especially enjoy supporting fellow indie authors.

Courtney Hunt, Melissa Storm, Roz Marshall, Demelza Carlton, all of the fabulous authors in this boxed set. There are too many great ones to list.

## Prefers:

White wine, Dog as a pet, Morning person, Tea, Milk chocolate

## Do you listen to music when you're writing?

Sometimes. Usually something upbeat to get my fingers flying across the keyboard.

## What is your weirdest writing habit?

My two giant Newfoundland dogs are snuggle bunnies, so I can often be found with one of them sprawled across me, while I type away on my laptop. Oh, and a steaming mug of English Breakfast tea is always within reach.

## Funniest date?

On a group trip to the Cayman Islands, we had been enjoying some alcoholic beverages at a local restaurant. When we left, my date kept weaving into my path on the sidewalk. I lightly placed my hand on his shoulder, and he fell in slow motion face-first into a bush. He wasn't hurt, but claimed that I was abusing him, even though I barely touched him. We all had a good laugh about it and still do because he ended up marrying me!

## Describe your dream wedding

My dream wedding is at sunset on a gorgeous beach where the pristine, white sand magically doesn't stick to anything important. Only a few, key people would be present, along with my two Newfies, Rocky and Cheerio, who also don't get wet or sandy. (Hey, it's my fantasy!)
